**iP** **iPhoto Basics**  
**January 7 and April 1**  
 Collect and edit photos, create, view and share slideshows, DVDs, printed albums, and websites.

**X** **Mac OS X Leopard 101**  
**Second Wednesday of each month**  
 Apple's Max OS X Leopard operating system has hundreds of exciting new features that will change how you use computers every day.

**G** **Garage Band Intro**  
**January 21 and April 15**  
 Your own "personal recording studio" lets you create, record, edit and mix songs, soundtracks and collections and share your CD-quality music.

**iT** **iTunes & iPod**  
**February 4**  
 Organize your entire music and video collection and access thousands of hours of music, movies, TV shows, podcasts and audiobooks.

**19** **Time Machine and Time Capsule**  
**February 18**  
 Automatic backup for your Mac. Together with Time Capsule allows you to back up wirelessly while you providing a high-speed network with internet access.

**3** **Creating with Pages 3**  
**March 4**  
 Word processing never looked this good - create stunning media-rich stationery, brochures, resumes, reports and business cards.

**17** **Apple TV**  
**March 18**  
 Turn your home into an on-demand movie theatre. Rent iTunes Music Store HD movies, play music, watch television shows, all through your HD widescreen TV.
